Golden Girl by Elin Hilderbrand

From the publisher...On a perfect June day, Vivian Howe, author of thirteen beach novels and mother of three nearly grown children, is killed in a hit-and-run car accident while jogging near her home on Nantucket. She ascends to the Beyond where she's assigned to a Person named Martha, who allows Vivi to watch what happens below for one last summer. Vivi also is granted three "nudges" to change the outcome of events on earth, and with her daughter Willa on her third miscarriage, Carson partying until all hours, and Leo currently "off again" with his high-maintenance girlfriend, she'll have to think carefully where to use them.

From the Beyond, Vivi watches "The Chief" Ed Kapenash investigate her death, but her greatest worry is her final book, which contains a secret from her own youth that could be disastrous for her reputation. But when hidden truths come to light, Vivi's family will have to sort out their past and present mistakes—with or without a nudge of help from above—while Vivi finally lets them grow without her.

With all of Elin's trademark beach scenes, mouth-watering meals, and picture-perfect homes, plus a heartfelt message—the people we lose never really leave us—*Golden Girl* is a beach book unlike any other.

Some Things to Consider When Donating Books to the Library

The library has limited storage space. We do not have room to store donated items prior to the book sale. We accept donations the week before the sale. In this case, the week of January 24th.

The main purpose of the sale is to make room for new items. The fewer books remaining at the end of the sale, the better. Boxing and transporting leftover items take time, muscle and a truck with good suspension. In other words, it's kind of a hassle. So, if you are at the book sale and don't have a lot of cash, please take the books! It is more about making room than making money.

Outdated, damaged, musty and/or mildew books do not sell. Please consider the condition of the books before donating them. We truly appreciate your help with this!
